

**PROFESSIONAL**

FORMULA IV

# ZING<sup>®</sup>

## ALUMINUM PONTOON/BOAT CLEANER

### DESCRIPTION

Advanced formula cleaner for use on unpainted aluminum pontoons, boats and lower units. **ZING™ Formula IV** is a synergistic blend of acids, metal inhibitors, detergents and emulsifiers designed specifically to clean and brighten. Removes lime deposits, stains, grease and grime. **ZING™ Formula IV** contains no phosphates. **ZING™ Mop Applicator** also available for easy application.

### FEATURES

- Safe on unpainted aluminum when used as directed
- Quickly removes grease, grime, lime deposits and stains from algae
- Easy application with **ZING™ Mop Applicator** (sold separately)
- Phosphate free

### DIRECTIONS

Read entire label and directions before use. Wear rubber gloves, goggles/face shield, and protective clothing when using this product. Test surfaces for compatibility on a small and inconspicuous area of unpainted aluminum before using.

1. Cool surface by wetting with water. Do not add **ZING™ Formula IV** to hot, dry surface. Avoid working in direct sunlight.
2. If using **ZING™ Mop Applicator**, saturate it with **ZING™ Formula IV**.  
If using **ZING™ Acid-Resistant Spray Applicator**, fill with **ZING™ Formula IV**.
3. Apply to a 3 to 4 feet area with saturated mop or apply with spray applicator in an even pattern, working from the bottom to the top.
4. Make sure the area is well-saturated with **ZING™ Formula IV**.  
Do not apply to an area larger than can be scrubbed while wet.  
Allow several minutes to penetrate stains.
5. Rinse thoroughly with water.
6. Repeat process on remainder of surface.

**NOTE:** Difficult to remove stains may require additional applications and/or may need to be scrubbed with **ZING® Mop Applicator** or nylon brush.

### CHEMICAL & PHYSICAL PROPERTIES

Appearance .....	Colorless Liquid
Odor .....	Acidic
pH .....	< 1.0
Viscosity .....	Water Thin
Solubility in Water .....	Complete
Specific Gravity .....	1.06

### PACKAGING

N879-Q12 / 10011 .....	12 x 1 Quarts/Case
N879-G4 / 10012 .....	4 x 1 Gallons/Case
