BOAT CLEANERS

CLEAN, BRIGHTEN AND PROTECT!

Fresh water or salt, ZING® Professional and ZING® Marine Safe products keep boats and aluminum pontoons looking their best, both above and below the water line. ZING® boat hull products remove algae, oxidation, oily deposits and waterline discoloration from any boat or vessel. Professional ZING® products attack and remove zebra mussels and barnacles.

ZING® Marine Safe Cleaners remove the toughest soils quickly and safely using advanced cleaning technology and ingredients identified by the EPA for direct release. ZING® Marine Safe products are easy to use and safe on all surfaces, both inside and outside the boat.

ZING® PROFESSIONAL

PROFESSIONAL

ORIGINAL FORMULA BOAT HULL CLEANER

N074-Q12 / 10007	32 oz.	12/cs
N074-G4 / 10008	1 gallon	4/cs
N074-P5 / 10005	5 gallon	Each
N074-D55 / 10009	55 gallon	Each

The “original” and still the best choice for boat hull cleaning by *professionals everywhere!* ZING® Professional Boat Hull Cleaner is a heavy duty professional strength formulation that easily and quickly removes the toughest build-ups on fiberglass, painted wood and steel hulls. Use in fresh water and salt water. Cleans scum, algae, and waterline discoloration from marine stains. Attacks, loosens and removes zebra mussels and barnacles from hulls, exposed power drives and propellers. Use pre-season, for winterizing or anytime the boat is removed from the water for scheduled maintenance. Apply with ZING® Mop Applicator or ZING® acid resistant sprayers.

- Professional strength and power
- Quickly removes the heaviest build-ups
- Safe on fiberglass and painted wood
- Use on fresh and salt water boats
- Removes zebra mussels and barnacles

PROFESSIONAL

FORMULA IV ALUMINUM PONTOON & BOAT CLEANER

N879-Q12 / 10011	32 oz.	12/cs
N879-G4 / 10012	1 gallon	4/cs
N879-P5 / 10013	5 gallon	Each
N879-D55 / 10055	55 gallon	Each

ZING® Professional Aluminum & Pontoon Boat Cleaner cleans and brightens the toughest oxidation and staining on aluminum pontoons, boat hulls and lower units. This heavy duty cleaner quickly removes marine deposits, scum, oxidation and discoloration. It brightens and restores aluminum that has oxidized and has become dull due to stains and the effects of weather and water over time. Excellent for use on pontoons and boats in both fresh and salt water. Attacks and loosens zebra mussels and barnacles. Apply with ZING® Mop Applicator or ZING® acid resistant sprayers.

- Cleans and brightens aluminum in one step
- Professional strength cleaning power
- Removes scum, oxidation and discoloration
- Use on fresh and salt water boats
- Removes zebra mussels and barnacles
- Contains no phosphates

PROFESSIONAL

BLACK STREAK REMOVER

Z495-QPS9 / 10195	32 oz.	9/cs
-------------------	--------	------

ZING® Professional Black Streak Remover easily and safely removes black streaks on boats caused by water run off from fiberglass, aluminum, plastic, canvas, vinyl and paint. Use to remove black streaks from boat hulls, seats, canopies, jet skis, trailers and RVs. ZING® Professional Black Streak Remover is fast acting and is safer for people, surfaces and the marine environment.

- Cleans black stains and marks
- No scrubbing needed
- Non-hazardous
- Contains no phosphates
- Readily biodegradable

ACCESSORIES

ACID-RESISTANT SPRAY APPLICATOR

SP462 / 40011 2 gallon (capacity) Each

ZING® Acid-Resistant Spray Applicator is a sturdy, professional sprayer with adjustable nozzle for full and even coverage. Makes boat cleaning easier and more efficient. 2 gallon capacity sprayer is made of acid resistant materials.

- 2 gallon capacity
- Acid resistant materials for longevity
- Ideal for use with ZING® Boat Cleaners

ZING® MOP APPLICATOR

A-1 / 40010

100/cs

ZING® Mop Applicator is for safe, easy application of **ZING® Boat Cleaners**. Keep aluminum pontoons and boats looking their best.

- Acid resistant fibers stand up to the harshest conditions
- Fuller head provides greater absorbency
- Includes 5-3/4" mop head

ACID-RESISTANT SPRAY TRIGGER SPRAYER

SP500 / 40015 32 oz. (sprayer) Each

Outer body design protects the piston spray assembly providing exceptional resistance to acids and other harsh liquid solutions. Long lasting, with greater output per spray compared to traditional sprayers. Fits most quart bottles. Adjustable nozzle for mist to stream spray patterns.

- Up to 40% greater output per stroke
- Designed for acid-based formulations
- Extra-large spray pattern
- 9-1/4" dip tube
- Adjustable nozzle: mist to jet stream

EZ-ACTION PUMP (for 5 gallon pail)

BEZ25-5 / 00300

5 gallon (capacity)

Each

Tough and ready to pump thin and viscous liquids. Constructed of polypropylene and polyethylene, two fingers on the handle is all the energy required to operate. Flows at 6 oz. per stroke and has a simple locking feature to prevent spills from accidental use.

- Tough and durable
- Works with thick or thin liquids
- Use with cleaning products and many solvents
- 6 oz. per stroke
